

MUNICIPALITÉ DE STANBRIDGE EAST

Residential Self-Inspection

Citizens of Stanbridge East,

The Stanbridge East Fire Department is requesting your valuable cooperation in helping protect your home and family. Your participation is essential in helping us maintain an up-to-date overview of the risks present within the community.

We therefore invite you to complete a short self-inspection form, which will only take you a few minutes. You will find the interactive link form at the bottom of this page.

This approach is part of the Fire Safety Risk Coverage Plan of the Ministry of Public Security.

The information you provide will remain strictly confidential and will be used only by the Stanbridge East Fire Department.

If you prefer to schedule an appointment with our preventionist to conduct the inspection in person, you can contact him:

- By phone: (438) 466-2766
- By email: prevention@municipalite.saint-armand.qc.ca

We sincerely thank you for your cooperation and commitment to the safety of our community.
