

As part of the application of the Ministry of Public Security's Fire Safety Risk Coverage Plan, the Municipality will conduct **fire prevention visits** on its territory during 2026.

The objectives of these visits are to:

1. *Prevent fires;*
2. *Reduce risks to life and property;*
3. *Ensure that buildings comply with fire safety requirements;*
4. *Fire prevention education.*

The inspections will be carried out by **Mr. Christian Roy**, fire prevention technician mandated by the Municipality of Stanbridge East. During his visit, he will be able to carry out a preventive assessment of the buildings and answer your questions about fire safety.

Citizen cooperation is essential to ensure the safety of the entire community. Thank you for your cooperation.

For more information or to make an appointment, you can contact:
